assigns.

In making the above disclaimer, petitioner does not disclaim the terminal portion of any patent granted on the subject application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §§154 to 156 and §173 of U.S. Patent Nos. 5,270,030, 5,965,383 or 6,121,426, in the event that the prior patent later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term.

I certify that I have reviewed the above-identified assignment, a copy of which is attached hereto as Exhibit 1, and that, to the best of my knowledge and belief, Bio-Technology General Corp., has the rights, title and interest in the subject application. I further certify that I am authorized to sign this Terminal Disclaimer on behalf of Bio-Technology General Corp., as indicated.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
